

Year 7 History

General Aim of the subject

History enables students to appreciate the human achievements of the past, for their own interest and for the legacy left to later generations. Students are given opportunities to develop their analytical skills as they question sources of evidence to create understanding and meaning.

By offering History at BIS Abu Dhabi, we aim to stimulate students' interest and enjoyment of the past through analytical skills so that they become more aware of different groups in society and the History behind people and places.
